If you live in an historic house and

(i) do not wish to join the Group but I would like the house researched;

(ii) would be happy to discuss, or possibly share, your house either with the group, or with any individual specialists.

I would particularly like to gain practical experience in house recording (surveying, drawing up, documentary)

Please provide information overleaf about yourself which may help the Group to plan its programme.

What would you like to learn from the NHBG?

If you have any previous building research experience, what form did it take?
