I would be interested in paying by standing order in future years

I do not want to join the Group, but I live in an historic house and:

(1) I would like the house visited and assessed by NHBG experts
(a free service that results in a short report)

and/or

(2) I would be happy to show the house to a small group of NHBG members

I would be interested in gaining practical experience of house recording
(surveying and drawing up)

What would you like to learn from the NHBG?

How did you hear of the NHBG?.....
